EASE Diagnostics          Phone 888-366-EASE (3273) or 570-587-7080          Web www.obd2.com

Start performing emissions inspections on 1996 and newer vehicles with the Certified EASE Pennsylvania Analytical System (PAS).

Dependable Components
The EASE PAS comes standard with top-of-the-line components, including a Dell Desktop Computer with Intel processor, high quality laser printer, 2D bar code scanner and automatic gas cap tester. Maximum system dependability is assured because of the use of the best equipment available. Teaming these products with the certified EASE PAS software equals unmatched performance and value.

Quick Inspections with Wireless Technology
Move vehicles quickly thru the emissions testing process with the optional EASE PAS Wireless Upgrade. With this upgrade you’ll get the revolutionary EASE Wireless Enhanced Vehicle Interface (EVI-W) that eliminates the need for cables between the vehicle under test and the PAS PC. Simply connect the interface to the vehicle and start testing.

Award Winning Diagnostics Capabilities Available
Built on award winning diagnostics technology, the EASE PAS can be used for more than just emissions testing. No additional hardware is required to expand the EASE PAS into a powerful diagnostics workstation. With the addition of the EASE PC Scan Tool software, the EASE PAS can be used to quickly diagnose vehicle problems.

EASE PAS SYSTEM EXCLUSIVE: WE INCLUDE OVER $500 IN FREE PRODUCTIVITY SOFTWARE

Purchase an EASE PAS System and you will get the following software for FREE!! We call it our PAS Productivity Pack. These software programs are essential additions for performing fast and efficient emissions inspections.

Basic OBD II Generic Scan Tool Software: Remarkable power for such a simple tool! View OBD II Generic parameters, DTCs, I/M monitors, Freeze Frame, O2 tests and other data in grid, meter or graph formats for a quick and easy look at diagnostic data.

Fuel Cap Adapter Library: Shows you which fuel cap adapter to use so you don’t have to mess around paging thru the lookup tables booklet to figure out which one you need.

DLC Location Software Library: Can’t find the vehicle’s Diagnostic Link Connector (DLC)? Just choose the year, make and model and you’ll have the DLC location on your computer screen in moments - a great time saver.

DTC Software Library: Our Diagnostic Trouble Code Library includes over 20,000 codes and descriptions. Both Generic and Manufacturer Specific DTCs are included.

Drive Cycle Software Library: Extensive library that shows the steps needed to complete the I/M monitors required for an OBD II emissions test. Don't waste time driving around...know exactly what to do.
EASE OBD II PAS SYSTEM INCLUDES

Certified EASE Emissions Software
The easy to use EASE Emissions Inspection Software is installed on every EASE PAS PC.

Bonus Productivity Software
- Basic OBD II Generic Scan Tool
- Fuel Cap Adapter Software Library
- DTC Software Library
- DLC Location Software Library
- Drive Cycle Software Library

2D USB Bar Code Scanner
This high-speed scanner decodes 1D and 2D bar codes with a bright easy to see, easy to aim laser line. Visual and audible confirmation of good decodes.

Automatic Gas Cap Tester Set
This automated fuel gas cap tester allows you to check vehicle fuel caps for system pressure leaks and excessive evaporative emissions according to BAR-97 and US EPA approved test criteria. Fully automated, no hand pumping is required. Accurate, repeatable results in 30 seconds or less. Set includes gas cap tester, machined aluminum gas cap adapter set, 20’ coil hose, and Pass/Fail Standard for calibration check.

Dell Flat Panel Monitor
19 inch monitor displays sharp text and crisp, clear images.

Lock Box
Security - lock your Emissions Stickers in the lock box that is fastened to the PAS cabinet.

EASE Enhanced Vehicle Interface
The EASE Vehicle Interface works on all OBD II compliant (1996+) vehicles. It also supports OEM enhanced data so the EASE PAS system can be easily expanded to a diagnostics workstation with the EASE PC Scan Tool add-on.
- Wireless Interface Available.

Laser Printer
You’ll get fast, high quality output and performance with this laser printer. Prints rich black text and high quality graphics.

Cabinet
Mobile storage for the EASE PAS equipment. Slide out keyboard drawer. Second shelf holds printer. Locking lower compartment with two shelves for PC and other supplies. 27” W x 24” D x 49.25” H; 125 lbs.

Multi-Purpose Dell PC
You’ll get the latest and greatest technology and components with this Dell PC. Expect superb performance and speed from the Intel processor. Use the EASE PAS PC for emissions testing and more.

Optional PAS Wireless Vehicle Interface
The EASE Wireless Vehicle Interface eliminates the need for cables between the vehicle under test and the PAS PC.

Optional EASE PC Scan Tool Add-on
View, graph and record live data on your PAS PC with the most feature rich Scan Tool Software. Includes extensive data coverage and a vast range of controllers, data and bi-directional controls.

Increase Your Revenue with NEW OBD2 Vehicle Inspections
Introducing VehicleMRI - an online tool that will scan a vehicle and provide a quick in-depth assessment of a vehicle’s health by performing hundreds of tests/checks on the vehicle’s internal electronic systems in a matter of minutes! Works with the EASE PAS Vehicle Interface.
